

The background features a complex pattern of thin, hand-drawn lines in red and blue. These lines form various geometric and organic shapes, including triangles, polygons, and curved, flowing lines that create a sense of movement and depth. The lines are layered, with some appearing in front of others, creating a three-dimensional effect.

ZERCO Consulting, a boutique Architectural & Interior design studio based in Dubai is a unit of Zerco International with a global presence across the Middle East, North Africa & USA. We provide Design & Build solutions across F&B, Retail, Hospitality, and commercial industrial sectors. We specialize in all aspects of the project cycle from design, MEP, joinery works, civil works, HVAC, FF&E delivery, and installation. We comply with the highest international standards in quality of work, health & safety, and environmental protection. Our team has successfully delivered projects in Airports, Malls, Community centers, Exhibition events, and high street stores, across the region.

DESIGN & BUILD

Specializing in interior design and Fit-out Contracts we work with clients to bring their visions to life. we take pride in our reputation. We have carefully cultivated supply-chain partnerships, ensuring successful project delivery across the building, interior fit-out, and design & build sectors. We also strive for perfection, strictly following processes and procedures to ensure best practice and to maintain our place as a well-respected industry-accredited contractor.

WORKSPACES

We believe a well-designed office pays for itself. The workspace is constantly evolving, needing to adapt to changing needs. With the rise in demand for flexible working and workspaces, office interior design is undergoing a dynamic transformation. The space itself has to be visualised to be operationally flexible - furniture that can be moved easily, pods, noise-free spaces, small and efficient meeting rooms.

F&B HOSPITALITY

As restaurant designers, we work with chefs, restaurateurs, and hoteliers, to immerse ourselves into the brand and its offer. The ZERCO Designers team brainstorms conceptualize, develops, and brings to life designs that reflect your brand's value proposition.

We work with seasoned hoteliers in the F&B segment, first-time entrepreneurs, and family businesses to craft interiors and branding for restaurants across types: stand-alone, chains, kiosks, takeaway counters, quick-service, fine-dining, delis, cafes, quirky concepts, food trucks, outdoor, pubs, private dining, multi-functional spaces, and within high street malls and airports.

BRANDING

The ZERCO Team works with restaurant owners and entrepreneurs to study and absorb everything about your brand. We ask questions, do our market research, study your competitors, find what makes you unique, and build an impactful visual identity.

We craft designs that stand out. We think about concepts and fonts, choose stimulating colors, and most importantly, include adaptability for print, web, and other applications.

The ZERCO team sees brands as living, breathing entities, and works to amplify them through merchandise, signage, uniforms, trucks, linen, and even crockery.

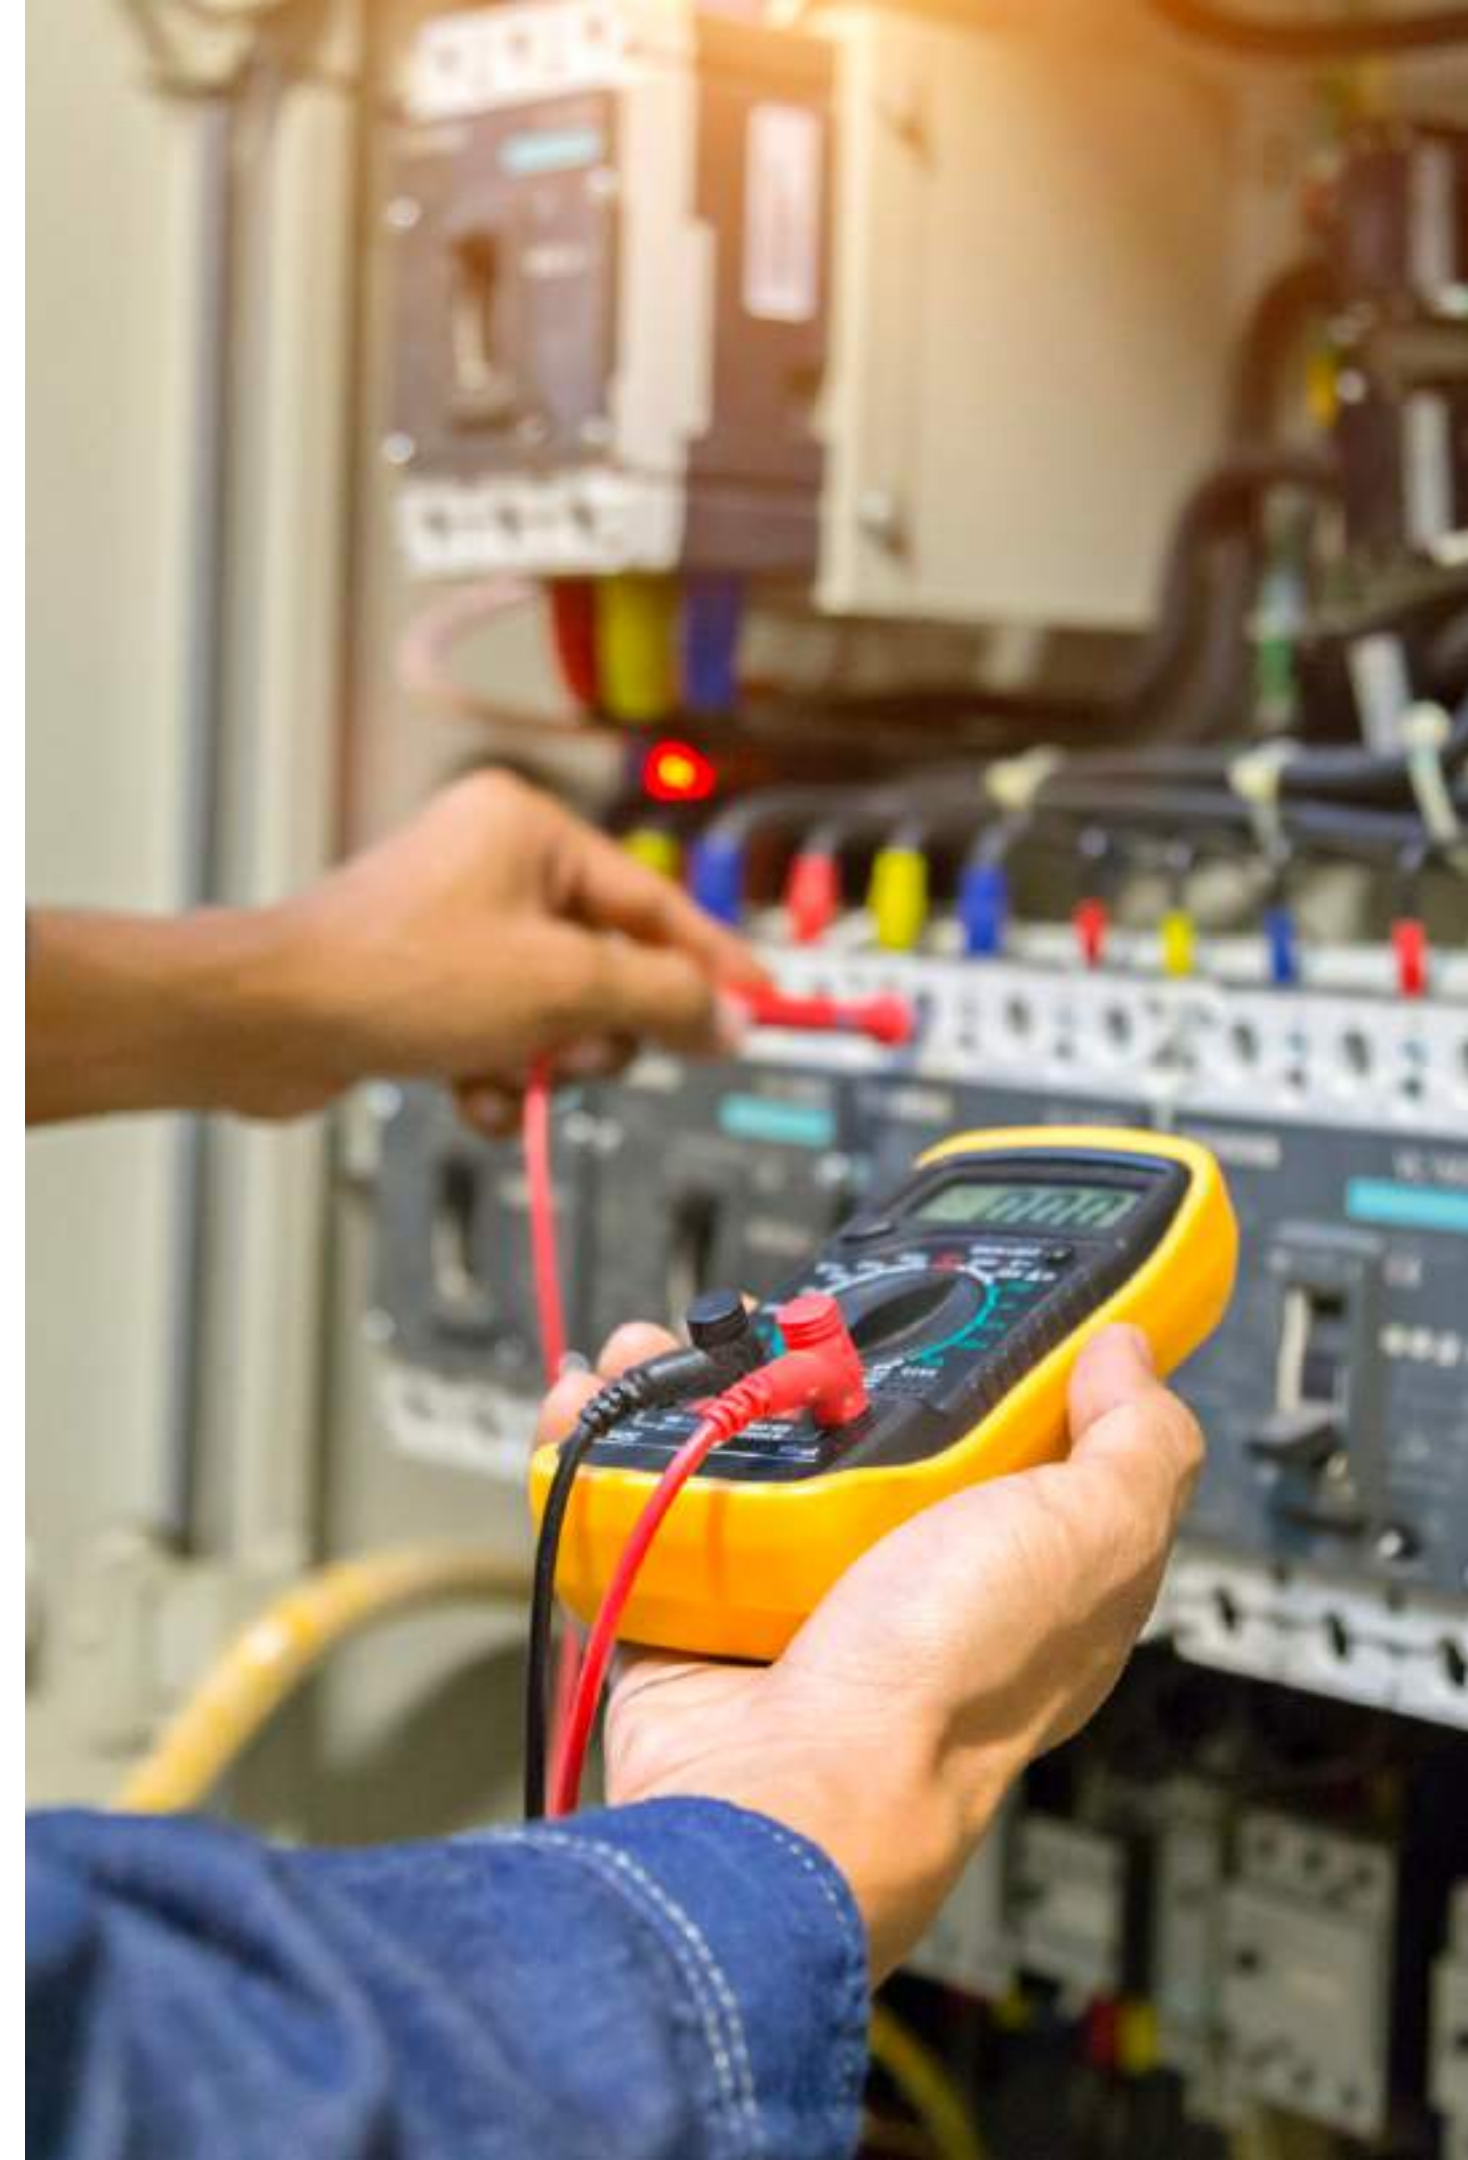

SPATIAL DESIGN

Our design projects include Retail spaces, supermarkets, education institutions, exhibition booths, healthcare, technology zone, department stores, and commercial projects.

ENGINEERING SERVICES

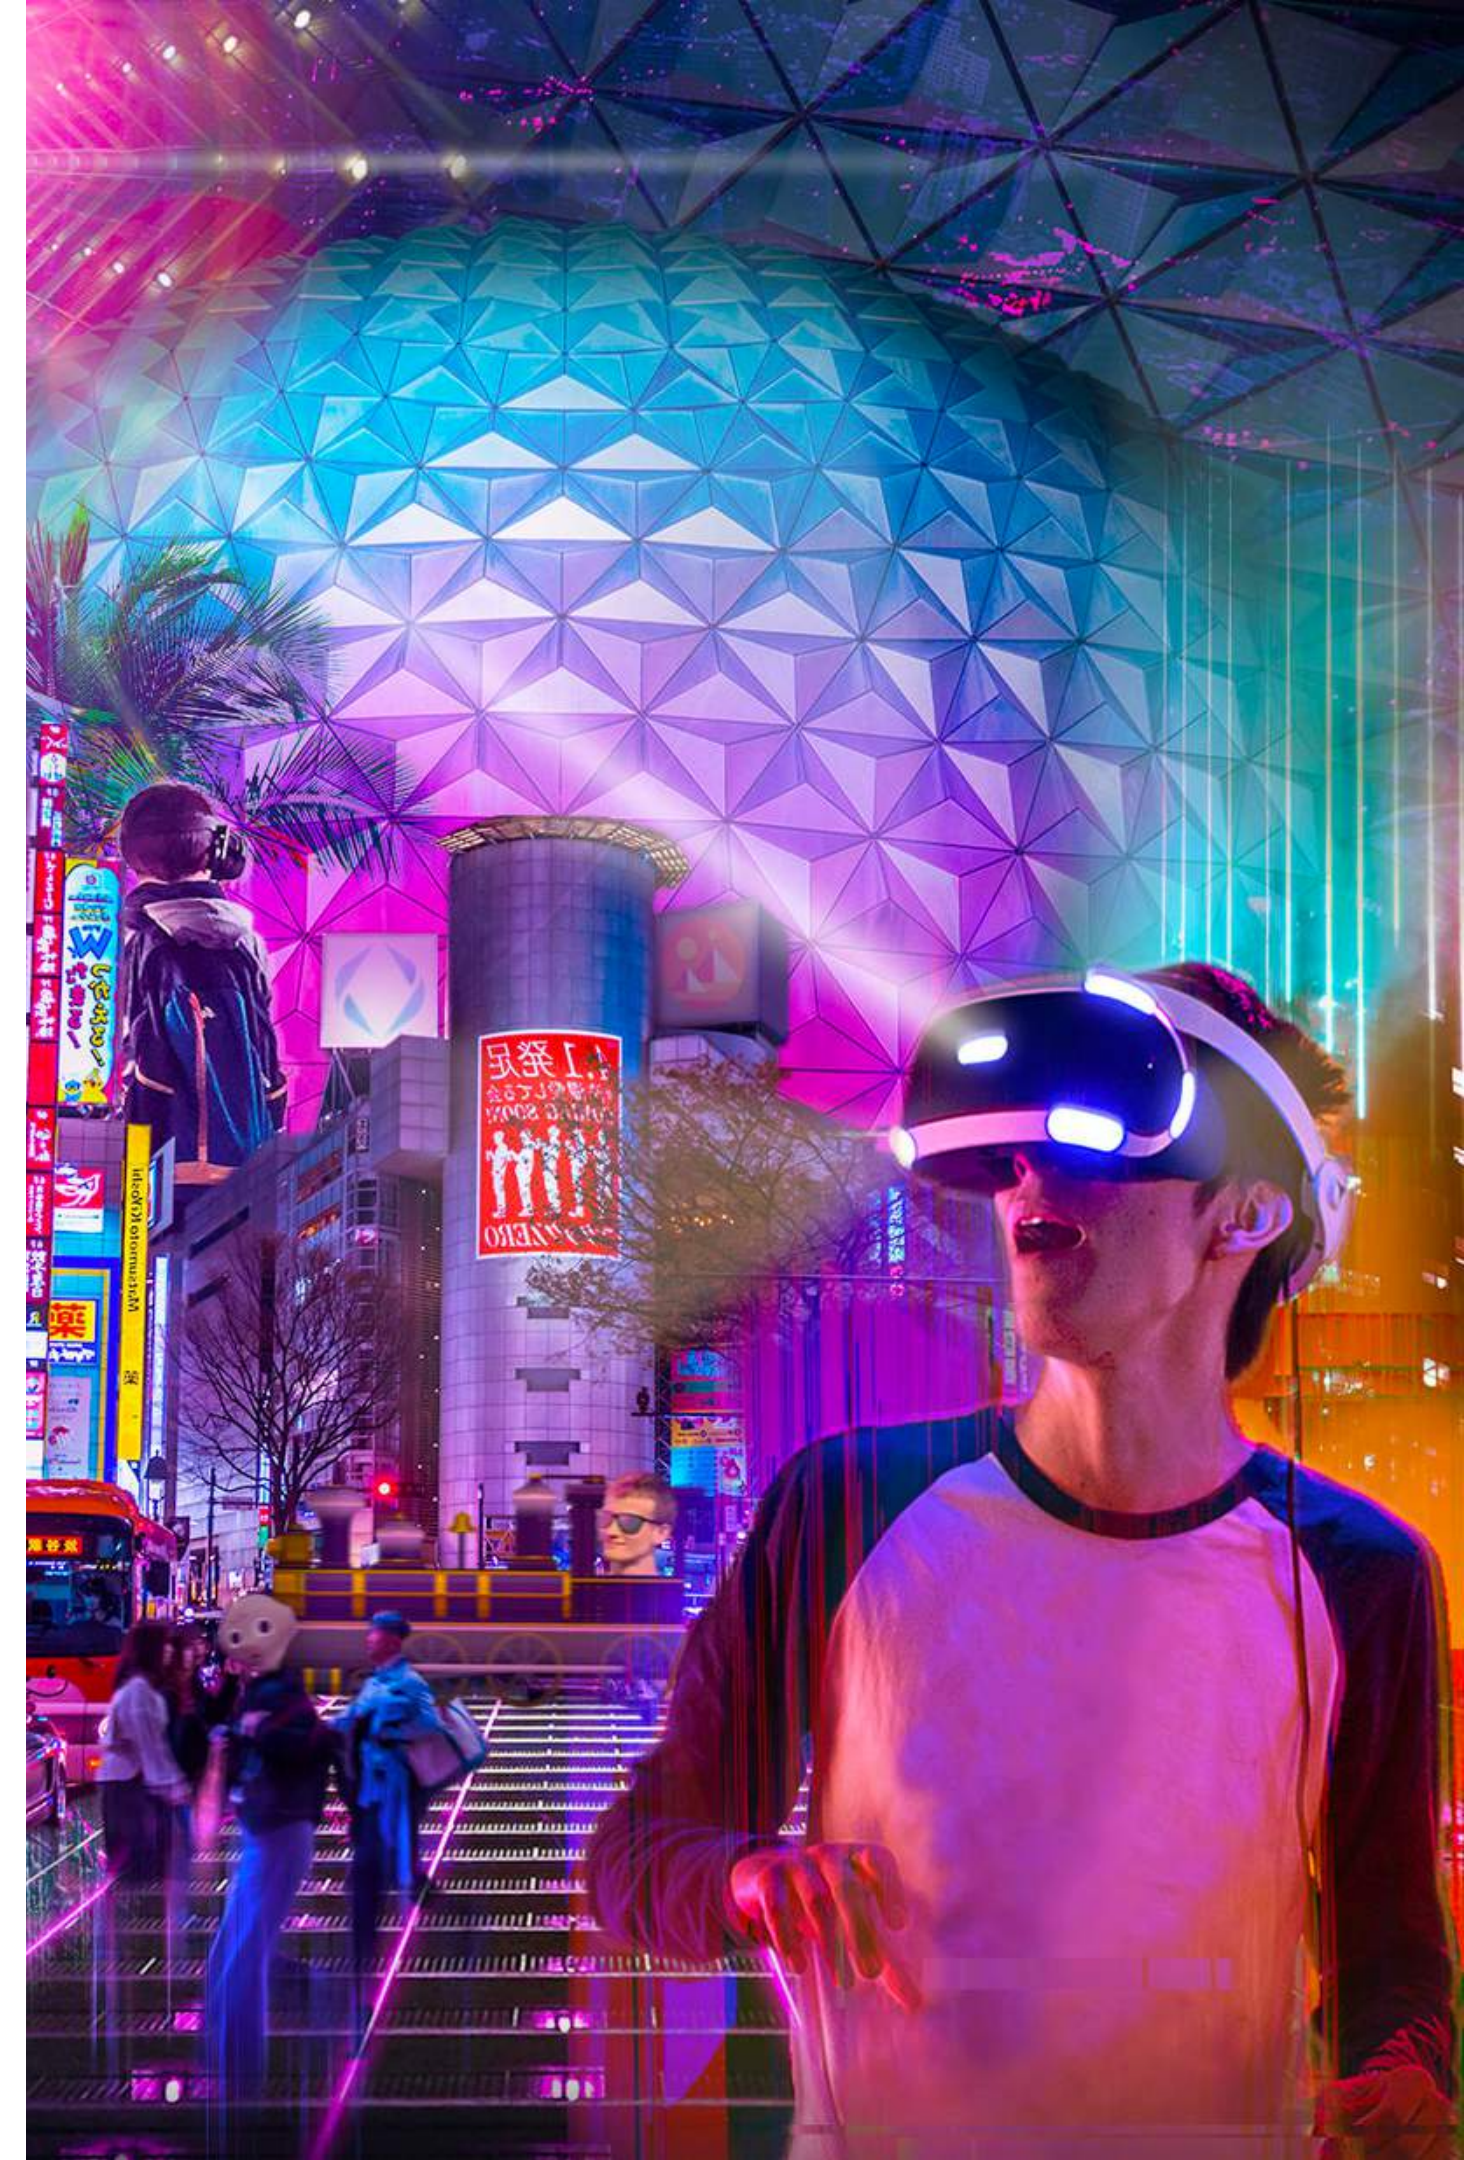

Our Engineering and technical services include designing, consultancy, and installation services from Fire fighting, fire alarm systems, Mechanical, Electrical, Plumbing, HVAC, IT solutions, CCTV, Networking systems, Lighting, thermal imaging and retail pos.

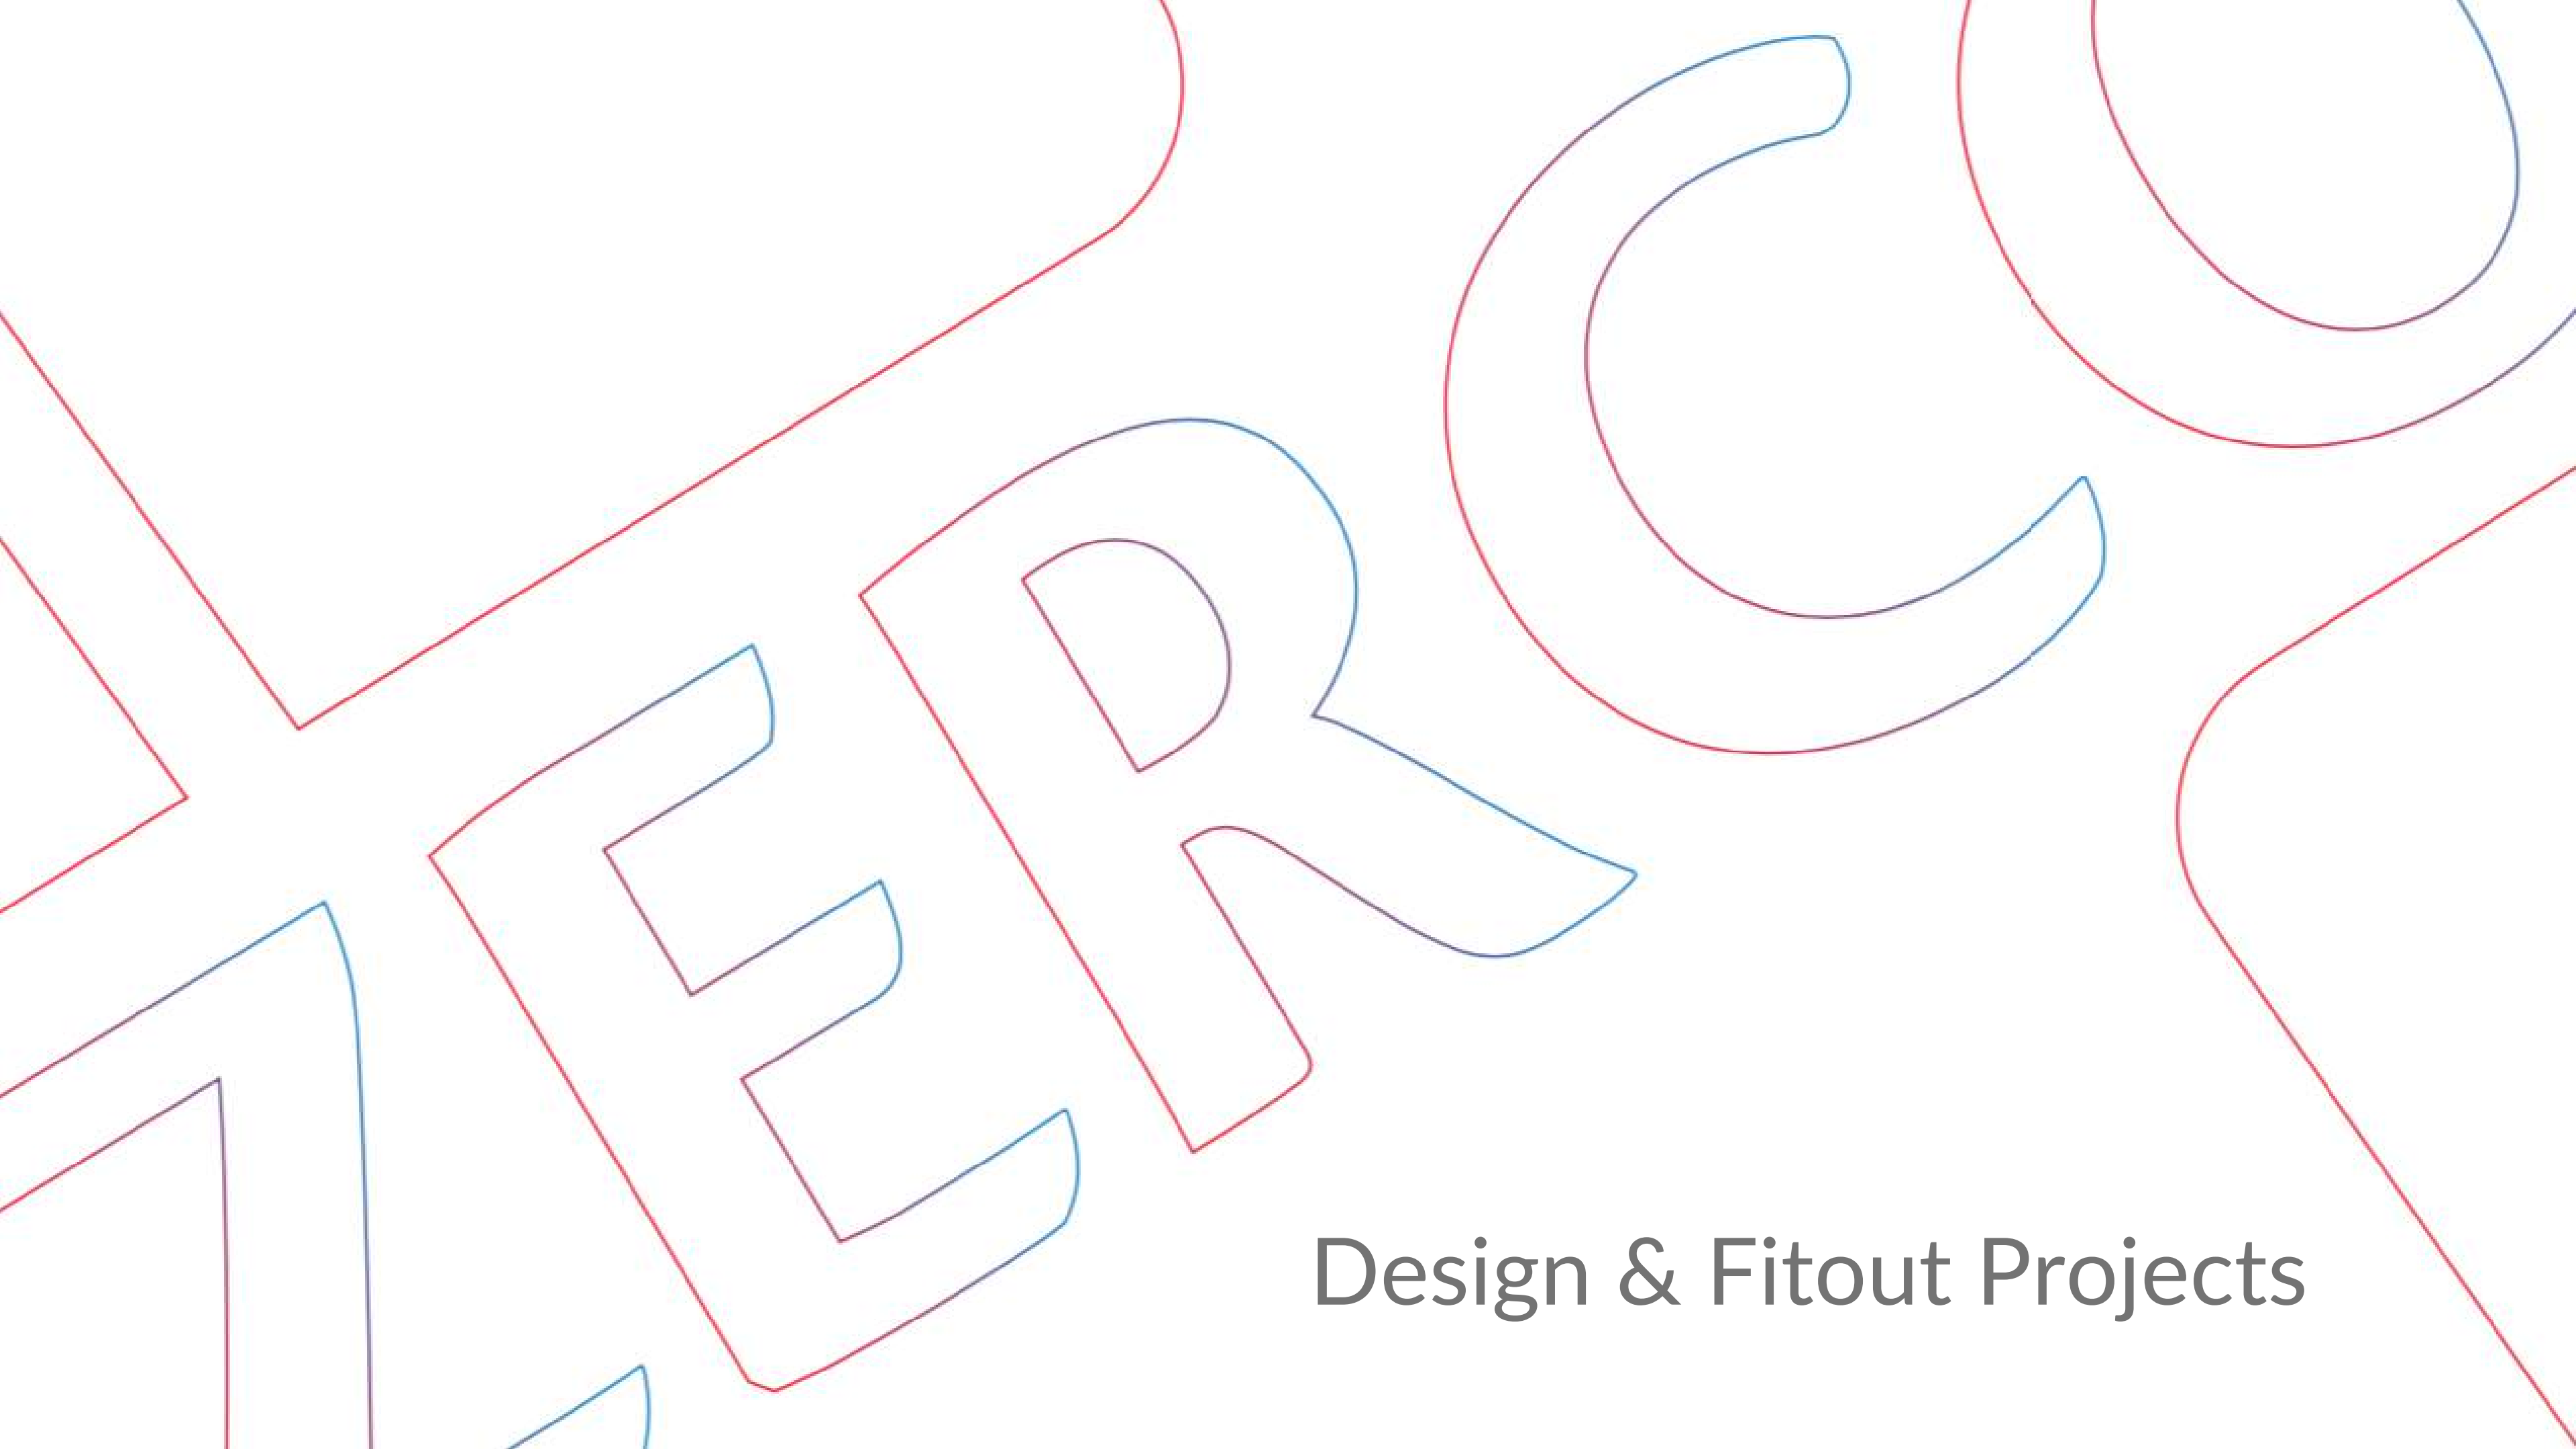

CONSULTING

The ZERCO team comprises multi-talented Engineers, interior architects, project managers, technology experts, graphic and branding designers, marketing & PR specialists, and financial experts.

Specializing in the design and build, we offer the whole gamut from idea to execution, or smaller, more focussed services including uniform design, FF&E, OS&E, refurbishment, property upgrades for upselling, social media, and brand redevelopment.

The background features abstract line art in red and blue. On the left, there are sharp, angular shapes resembling stylized letters or geometric forms. On the right, there are smooth, flowing, organic shapes that look like liquid or smoke. The overall composition is dynamic and modern.
